Sold

REF: 27536

Height: 17 cm (6.7")

Width: 3 cm (1.2")

Depth: 2 cm (0.8")

Description

Wilderness knife 6.2, Fixed Blade with leather sheath

This is a fine traditional northern Scandinavian fixed blade Wilderness knife. This is a great small multi-purpose knife suited to shooting sport, deer stalking, hunting, camping and forest activities. The blade is very sharp and is made from quality High Carbon Steel. The blade is natural unpolished carbon black except for the grind. The well designed shaped handle is made from a combination of curly birch, thin layers of leather and reindeer antler. The sheath is made from wet-formed cow hide and it has a reindeer leather belt hanger attached to it.

The knife is extremely well balanced with a 6.2 cm blade.

As we have multiple knives the image shown may not be of the exact knife you receive, the shading and graining may be slightly different.
