Description

A fine quality revolving snooker/dining table with good colour and patination. The table is made of good English oak on four turned legs. The playing surface is a slate bed covered in 100% English Wool napped cloth. The pockets are leather covered with net bags with the brass work being set into the top surface of the cushions. The table dates from 1880 and as a spacious dining table can seat 10-12 people comfortably. The snooker unit is pivoted at each end of the table and by pulling- out two wooden retaining slides it can be revolved easily through 360 degrees to reveal the billiard surface, and is secured again by pushing-in the retaining slides. When returned to a dinning table the surface is seated level with the surrounding frame and is again secured by pushing-in the retaining slides.
This table will be supplied with balls for snooker and pool, two cues and one rest. It is a great table that plays as good as it looks.

Playing size: 44" by 91". Height 34".

NOTE: Shipping price P.O.A. Shipping subject to quotation and will be charged separately.
