REF: 26876

Height: 145 cm (57.1")

Description

Marquetry Snooker or Billiard Cue.
A full size one piece billiard cue with elaborate marquetry. The cue was made in the mid to late 1800's in Europe. The main part of the cue is made of ash with the handle highly decorated with veneered points, boxwood stringing and coloured floral inlays. There are two wedges at the cue's butt, one of ivory and one of wood.
A very nice and desirable cue of great quality.
