Width: 10 cm (3.9")

Depth: 2 cm (0.8")

Description

Vintage Hardy Neroda Fishing Fly Box.
A good No.7 Neroda DryWet fly box made from bakelite with an oxblood red tortoiseshell finish manufactured by Hardy's of Alnwick. The fly box containing a good selection of fully dressed trout flies which are hooked over the chenille covered bars and can not drop out or change position. The lid is embossed with 'HARDY BROS. MAKERS ENGLAND'.

Hardy's say about these boxes:- 'A severe shaking does not disturb them. Other important advantages are that the hackles are protected and the flies are always on view. Also in Hardy's Anglers' Guides they say about the Neroda fly boxes:- We wish to introduce to our Angling friends a long felt want in the form of a new and perfect fly box, something which entirely eclipses the japanned tin and aluminium boxes now used. These new boxes will not bend or warp and disturb the set of the clips so that they cannot hold the flies properly. They are not affected by exposure to damp and will not rust or corrode. They never become unsightly, mutilated and practically useless; they retain their original shape, highly polished finish, closing properly, and are always perfect fly containers and protectors. All these boxes are fitted with a good spring fastener.
The range of the Hardy "Neroda" Fly Boxes is so extensive that an angler should have no difficulty in selecting something which will exactly meet his requirements.

There are also some images taken from Hardy's Anglers' Guides catalogue entry for 'Neroda' fly boxes.
