Description

Willie Park Left Handed Smooth Face Golf Club.

This early Willie Park Jr. hickory shafted lofting iron has a smooth face, original hickory shaft and the remains of the original sheepskin grip. This is a fine example of an early lofting iron with a very faint mark on the back of the club head but a clear stamp on the shaft 'Wm. Park'. The hosel with good strong nicking.

The measurements shown are the length of the shaft with hosel and the width and depth of the face.
