REF: 25315

Height: 7 cm (2.8")

Diameter: 2.2 cm (0.9")

Description

Hardy Zephyr Pocket Bottle.
A very rare Hardy's fishing 'Zephyr' pocket bottle for dry fly preparation. The bottle is made of brass with a wooden and cork lid and is engraved on one side 'MADE BY HARDY BROS LTD. ALNWICK. ENGLAND', the other side has the royal crest 'by appointment'. The bottle is designed for use with 'Zephyr' or similar preparations to prepare the fly by dipping it in the liquid. As is the case of all Hardy items this is a well manufactured piece. We have taken an image from one of Hardy's Anglers' Guides which illustrates the Zephyr pocket bottle and oil.
