

Vintage Teak Ships Wheel

Sold

REF: 28370

Height: 7.5 cm (3")

Diameter: 61 cm (24")

Description

Small Teak Helm Wheel, Ships Wheel.

A well shaped six spoke ship's helm wheel from the late 19th or early 20th century. The wheel is made of teak with six turned spokes with handles, one has two lines to indicate dead center or straight ahead. The hub is solid cast brass, wheel with brass trim. A very impressive decorative maritime piece.
