From Wikipedia

The Thames Challenge Cup is a rowing event for men's eights at the annual Henley Royal Regatta on the River Thames at Henley-on-Thames in England. It is open to male crews from a single rowing club.

Quintin Boat Club (QBC) is a rowing club based at the University of Westminster Boathouse on the River Thames, close to Chiswick Bridge in Chiswick, West London. Formally constituted in 1907, it evolved out of the Regent Street Polytechnic's rowing club which was started in 1879. In 1888, the polytechnic's founder, Quintin Hogg, paid to have a boathouse built for it at Chiswick and also paid for a fleet of boats.

The club's first appearance at Henley was in 1920 and they participated at the first Head of the River Race in 1926.
