Description

Vintage Exercise Rowing Machine, 'Seat of Health'.

A fine exercise rowing machine made by Health Developing Apparatus Co.Inc. Bridgeport, Conn.

Abdominal exerciser and Rowing machine, Pat, Applied for B A-3. The exerciser has a very industrial look to it with its aluminium body, seat and wooden pulley wheels. The machine has a sliding seat and the body will fold in half, the feet also fold down, for easy storage. All the major parts are there it just requires some handles and straps. It is in very good condition and would make a wonderful display item.

NOTE: Shipping price P.O.A. Shipping subject to quotation and will be charged separately.
