Description

German Observation Binoculars, 10 X 80

A pair of German ex military observation binoculars mounted on an aluminium cradle and adjustable old wooden tripod. The binoculars with 45° incline eyepieces are marked D.F. 10 x 80, X cxn o, 75313, 52163, cxn is the manufactures code for Busch of Rothenau. The eyepieces can be adjusted to suit your eyes with a turn of a knob as can the four shade settings for the lenses. The optical quality of the lenses is remarkable. This is a very fine pair of binoculars with a highly polished finish, giving it a sculptural look. The measurements are without the tripod.
