Description

Children's Leather Ski Boots.

A pair of beautiful and unusual handmade leather child's ski boots with solid wooden soles. This pair of early 20th century square toe leather ski boots are in excellent condition with a single leather buckle strap and lacing. The edges of the wooden soles have been painted to resemble leather and the heels are with grooves to the rear to fix the boots to a pair of skis. Vintage ski equipment in good condition is hard to find, children's equipment is even more difficult to acquire. These boots will make an interesting collector's item or decorating piece.
