Description

Funt's Patent Revolving Circular Cue Stand.

Victorian oak revolving snooker / billiard / pool cue stand raised upon three turned bun feet. The base on the cue rack revolves on ball bearings set into a cast iron disc, similar to a lazy Susan. The well turned central column with cast iron top finished off with a brass finial. The top will hold up to 12 cues with it's patent design. The cast iron with embossed "Funt's Patent No. 12296" mark, this is for the cue clip release system to the underside, a sprung X which turns as a cue is placed or removed from the holder.
