

Brass Salmon Fishing Reel by Cummings

£245

REF: 26775

Width: 5.5 cm (2.2")

Diameter: 10 cm (3.9")

Description

A beautiful Salmon Fishing Reel by Cummings of Bishop Auckland. This brass or gun metal reel is a very nice original example with the original coating. The brass foot has not been tampered with, the check sounds great and the horn handle works well and is not loose.

The engraving, 'W.J. Cummings. Maker, Bishop Auckland.' is good quality and well readable.

A fine collector's item.
