

Hardy St. George, Pryce-Tannatt's Personal Fishing Reel
Dr Edwin Pryce-Tannatt

Sold

REF: 23057

Diameter: 10 cm (3.9")

Description

Pryce-Tannatt's personal fishing reel. This is a Hardy St. George alloy trout fly reel, it has a smooth agate line guide, rim tension regulator, brass foot modified 2 screw drum latch, smooth check, black handle and retains some original grey enamel factory finish.

Dr Edwin Pryce-Tannatt was a self-taught fly dresser who is arguably the most important of the last century. His flies are outstanding in quality, colour and the finished detail is remarkable. P-T is the most respected of past fly dressers within the related guilds and associations and for any fly dresser his book ' How to Dress Salmon Flies ' is a must.
