REF: 27297

Diameter: 4 cm (1.6")

Description

Bramble Pattern Golf Ball, Jenny.
A rare example of a bramble patterned golf ball. The golf ball is in good condition and is marked 'JENNY' on both poles. It is not the usual classic bramble pattern, they appear to be more circular on all four poles of the ball rather than around the ball in lines.

The ball is approximately 1 5/8 inch in diameter (4.2 cm).
