

Bronze, Dimple Pattern Golf Ball Mould

Sold

Description

Vintage Two-Part Dimple Golf Ball Mould.

An interesting un-named dimple pattern golf ball mould. The bronze moulds with alloy inner with locating slots on the side to ensure the correct alignment of the pattern. One part stamped 'B 18, 4 - 75, Made In England' to the base the other 'B 62, 4 - 75, Made In England'. The moulded ball would have approximately 336 dimples.

Size is for the mould stacked together, each stands 2.8 cm high.

A nice collector's item.
