Description

H.Philp Golf Club.

Golf Club, a superb long nose golf club, "Short Spoon" by Hugh Philp of St. Andrews (1782 - 1856). Hugh Philp was probably maker of the finest long nose clubs and his clubs were highly collectable even over hundred years ago.

This club is one of the best examples and is in very good condition. It has a sheepskin grip and has probably came from a collection as it has a painted Ref. No. on the top of the shaft 'L.1955-40'.
