Depth: 10 cm (3.9")

Description

Hickory Shafted Socket Head Golf Club, Brassie, Spoon

This persimmon wood brassie is a great playable golf club with a hickory shaft and polished leather grip. The head is marked with the golf pro's details but it is hard to decipher. The club head has a lead weight to the rear, horn sole insert and a partial brass sole plate, hickory shaft stamped 'Specially Selected'.

A great brassie or probably a spoon in good original condition and very usable for modern hickory play. Approximate 16° loft and the best balls for hickory play are low compression balls that will give at impact, such as soft feel balls or ladies balls.
